The Agenda Outline

Introduction..... 1

Situation Report..... 2

Systems Engineering..... 2

System Detailed Design..... 2

Schedule..... 2

Review of Existing Actions 2

Actions Arising 2

Any Other Business 2

Date of Next Meeting 2

SOLAR-B E I S 	SDT General Agenda
---	--------------------

Situation Report

The chair will brief the team on significant events known since the last meeting.

The chair may ask for brief general reports from each institute.

Systems Engineering

Discussion of any proposed requirements changes.

Status of interfaces (concepts, design or configuration control as appropriate to the phase).
Reports from “Responsible engineer” as declared in –mintlist.

Discussion of recent ECIM, ICD, NCR, ECRs etc.

Discussion of recent information or requests from Solar-B side.

System level planning, testing etc.

System Detailed Design

Reports about each subsystem, following the WBS as a template.

Schedule

Discussion of Schedule.

Review of Existing Actions

The status of all outstanding actions (either generated at previous SDT-type meetings or at consortium meetings) should be reviewed. The person responsible may give a report if they are present.

Actions Arising
